RAINWATER GUTTERS**

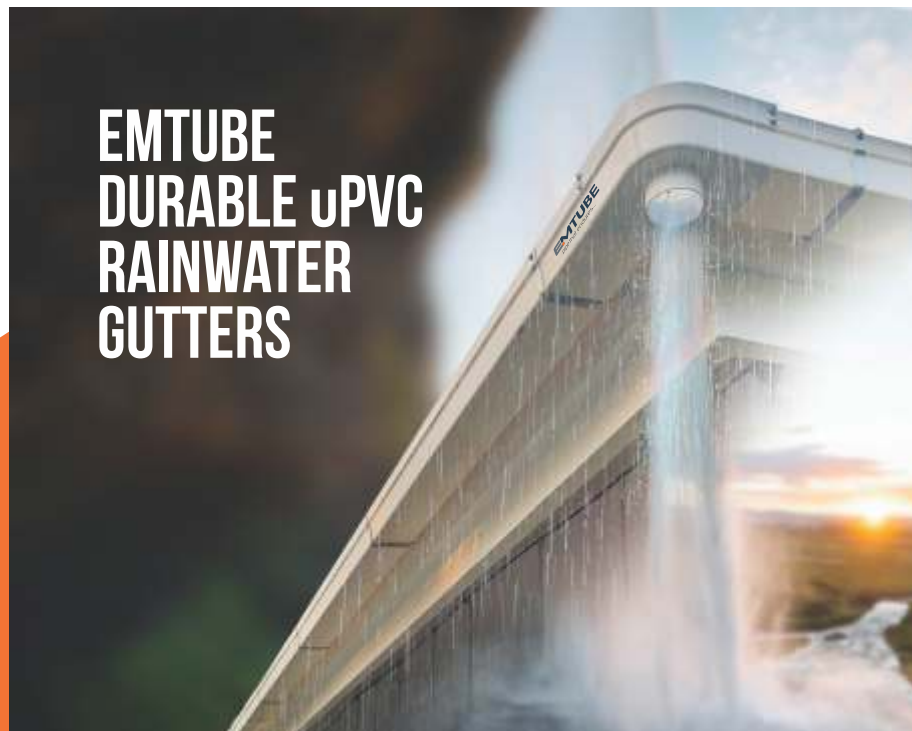

## CORPORATE

Embaby Industries, an initiative from the house of Embaby Group, is one of leading manufacturing units in Kerala. For more than 5 decades, the conglomerate has been successful in making its customers experience trust and tradition with a wide range of industrial inventiveness creating collaborative development.

'Emtube', a brand under the conglomerate, has already been in the market with specialized products viz. Conduit Pipes, Garden Hoses and Suction Hoses. To add to this, Rainwater Gutters are introduced now. Fabricated with top grade materials, the gutters and its accessories are proven to be sturdy enough to adapt to various conditions.

## EMTUBE DURABLE uPVC RAINWATER GUTTERS

## ELEGANT RAIN GUTTERS FOR BEAUTIFUL HOMES...

'Emtube' Rainwater Gutters have a unique square-cut design which absolutely mingles with wall surfaces.

These rigid and durable gutters are manufactured from virgin uPVC materials and have dominance in thickness as well as weight when compared to other gutters. It also has special ribs on both sides for rigidity and long life. Specially designed stringent clamps, used for fixing these gutters, are also made from uPVC and are rust-free.

The accessories like Joints, End Caps, Corners, End Drops, Centre Drops and Corner Drops also are of the same quality as that of the gutter.
